To provide clear direction to all staff, volunteers and information to parents, in managing Safeguarding & Child Protection issues.

This document is also in line with procedures set out by the Tees Local Safeguarding Children's Board (LSCB).

Laurence Jackson School will:

- Create and maintain a safe environment for children and young people
- Help children to understand what is and is not acceptable behaviour towards them
- Teach children about staying safe from harm
- Teach them how to speak up if they have worries or concerns

Through their day-to-day contact with children, all staff have a crucial role to play in identifying Safeguarding indicators or possible abuse or neglect, referring concerns to the DSL or DDSLs.

At all times the school will comply with the recommendations and regulations as prescribed from time to time in the current DfE publication 'Keeping Children Safe in Education' (KCSIE) or any subsequent publication.

3 INTRODUCTION

Laurence Jackson School fully recognises its responsibilities for Safeguarding and Child Protection.

The school's main aim is to provide a safe, secure and stable base for children helping to protect them from harm. The welfare of the child is of paramount importance to all the adults who work in our school.

To achieve this aim Laurence Jackson School will:

- Expect all staff as a requirement to annually read the current DfE document 'KCSIE' 2016 (Part 1)
- Governing Body members will be expected to read the complete KCSIE 2016 (Part 1-4)
- Ensure Safer Recruitment and Vetting practises are followed, therefore checking the suitability of staff and volunteers who wish to work with our children.
- Raise awareness of Safeguarding / Child Protection issues to staff, parents and children.
- Ensure there is effective communication between staff on Safeguarding matters
- Provide and maintain an environment where children feel safe, are encouraged to talk and are listened to.
- Help equip children with skills needed to keep themselves safe
- Develop, implement and review policy and procedures in relation to Safeguarding
- Train and raise awareness of all staff, defining their role and responsibilities in regard to Safeguarding and Child Protection
- To identify children who are suffering or likely to suffer significant harm and respond appropriately
- Report suspected cases of abuse to Social Care.
- Work in partnership with parent/carer and other professionals where children have a Protection Plan.
- Help children to understand what is and is not acceptable behaviour towards others and themselves

In our school we respect our students. The atmosphere is one that encourages all students to do their best. We provide opportunities that enable our students to take and make decisions for themselves. The Academy's ethos promotes a positive, supportive and secure environment and gives students a sense of being valued.

Respect is a key priority in all aspects of school life; all stakeholders model good behaviour and respect in relationships, whether between students or between students and adults.

Our teaching of personal, social and health education helps to develop appropriate attitudes in our students, and makes them aware of the impact of their decisions on others. We also teach them how to recognise different risks in different situations, risk assessments and how to behave in response to them (e.g. 'stranger danger' and 'internet safety').

We aim to identify & meet every student's needs. We recognise that abuse and neglect can result in under achievement. We strive to ensure that all our students make good educational progress.

Safeguarding and promoting the welfare of children is defined for the purposes of this policy, in accordance with KCSIE 2016, as:

- Protecting children from maltreatment
- Preventing the impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

Child abuse can take a variety of forms:

- **Physical abuse** involves hitting, slapping, kicking, misuse of medication, undue restraint, shaking or other treatment of a child that can cause actual bodily harm. It can also include non-accidental injury to a child (NAI) including deliberate poisoning e.g. by drugs or alcohol, or where injury was knowingly not prevented. This also includes honour based violence (HBV), which is a violent crime or incident which may have been committed to protect or defend the honour of the family or community and / or female genital mutilation (FGM), which is defined as 'all procedures involving partial or total removal of the external female genitalia or other female genital organs.'
- **Sexual abuse** involving forcing or enticing a child into sexual activities whether or not the child is aware of what is happening. This includes non-contact situations such as viewing child abuse images. All of these activities could be part of child sexual exploitation (CSE).
- **Emotional abuse** involves persistent emotional ill treatment of children, such as frightening them, or putting them in situations of danger. It is also an abuse to convey to children the feeling they are worthless or unloved. Emotional abuse very often accompanies other types of abuse. Harassment on the grounds of race, culture, creed, gender or disability would also constitute emotional abuse.
- **Neglect** and acts of omission is also a form of abuse. This could involve failure to provide an adequate level of care (e.g. food, warmth and failure to access medical care or services).

Other specific Safeguarding issues can include:

- Children Missing from Education (CME) – any child failing to attend school regularly, or has been absent without school’s permission for a continuous period of 10 school days or more.

The School’s responsibility in this area also extends to:

- Parents who choose to home educate their children
 - Families who move away from the area
 - Children who are medically unfit to attend school
 - Children who are permanently excluded
 - Children who are in custody for more than four months
 - Children who ‘run away’ from home or go missing
- FGM – female genital mutilation – girls thought to be at risk need to be safeguarded
 - Preventing Radicalisation – children who are at risk of radicalisation or being drawn into or supporting terrorism and forms of extremism.

Signs of possible radicalisation:

- Student disclosures of exposure to extremist actions, views or materials
 - Graffiti symbols, writing/artwork promoting extremism
 - Students accessing extremist material online
 - Students voicing extremist ideologies/using extremist terms
 - Intolerance of different views ie secular/religious/culture/colour
 - Anti-Western or anti-British vies
 - Change of behaviours/friendships
- Peer on peer abuse – bullying, cyber bullying and gender issues which includes girls being sexually touched / assaulted or boys being subject to initiation / hazing type violence – (initiation activities)
 - Supporting children with special educational needs (SEN) and disabilities who can face additional Safeguarding challenges.

Other commonly displayed signs or symptoms of abuse:

- significant changes in behaviour
- deterioration in general well being
- unexplained bruising, injuries or marks
- signs of neglect
- comments which children make which give cause for concern
- reluctance to go home
- unusual behaviour, tiredness, inability to concentrate
- sexually explicit during play, or in their use of language or in role play
- refusal to communicate, extremely withdrawn
- persistent complaints of stomach pains, enuresis soiling

- self-mutilation, excessive attention seeking
- truancy or running away from home
- receipt of expensive 'gifts' such as clothing, mobile phones, money (with particular relevance to Child Sexual Exploitation)
- voiced opinions on extremist themes in lessons and discussions

WHAT YOU SHOULD DO

In all cases of safeguarding concerns (including PREVENT)

If you see or hear worrying signs/evidence or a child approaches you with information which in your view, if not addressed, may pose a risk to the health or safety of that children then – never act alone, discuss your concern with a Nominated Person, remember it is essential to keep in mind the importance of seeking advice whenever you have a child protection concern. (If a Nominated Person is not available to discuss your concerns with, the DNTCPs, Headteacher or a senior member of staff should be informed).

DO

- Listen to a child who is alleging abuse. Ask open questions, eg “Is there anything else you would like to tell me?”
- Be honest about your responsibility and who you must discuss the matter with.
- Tell them that they are not alone and you will help them. Inform the Nominated Person and make a written record of information the child gives you.
- Record events (eg what the child said, word for word), date, time and sign the report.

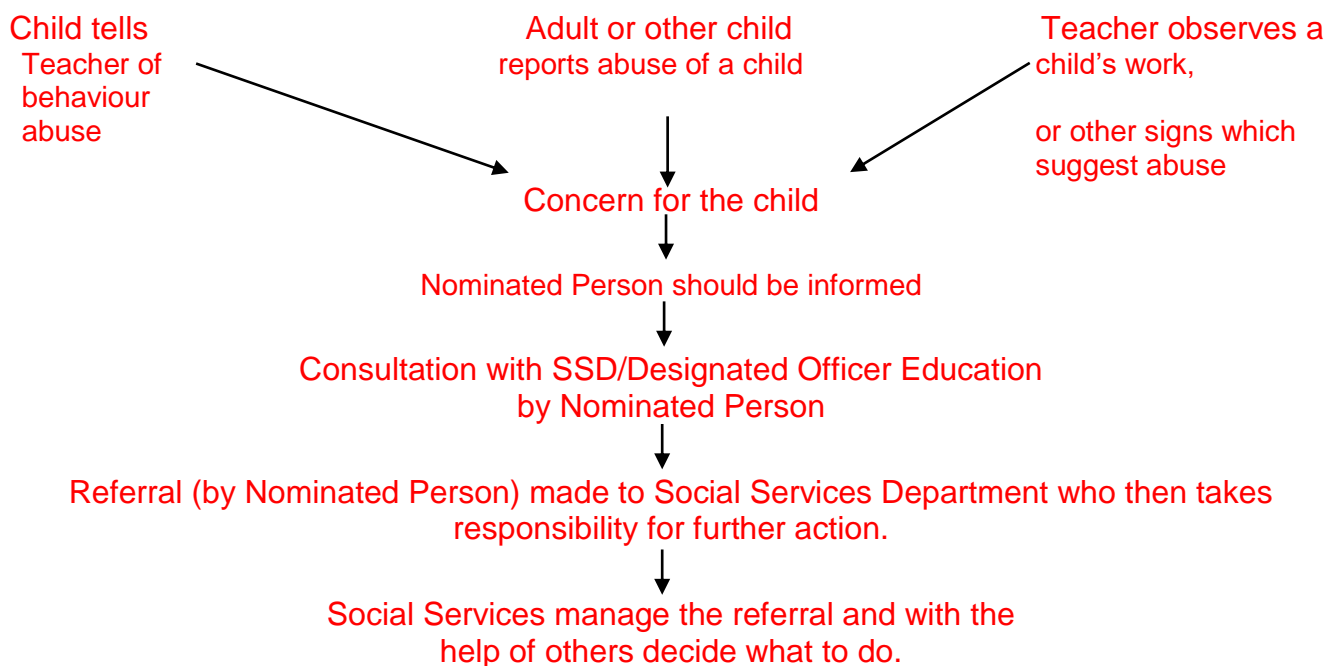

DO NOT

- Ask leading questions, eg “Did your Mum or Dad hit you?”
- Promise the child that the information they give will remain a secret.
- Dismiss the child's story as fantasy – a child's statement about an allegation of abuse, whether in confirmation or denial, should always be taken seriously.
- Assume that another Agency/person is already aware and taking appropriate action.

What Happens Next?

Member of staff informs a Nominated person.
Nominated Person consults with outside agencies.
Referral is made and member of staff is asked to write a full account (verbatim).
