- Behaving in a manner which matches the ethos of the school, and for following the behaviour rules set out in the school's Behavioural Policy with regards to this policy.

4. Planning school trips

Prior to planning a school trip, the following guidance will be read by the organisers:

- DfE (2018) 'Health and safety on educational visits'
- HSE (2011) 'School trips and outdoor learning activities'

A thorough risk assessment will be conducted by the designated visit leader during the planning of the trip, to ensure Student and staff safety.

When partaking in adventure trips, activities will always be identified at the planning stage and never added during the trip. When planning water sport activities, the need for instructors and lifeguards will be taken into account, particularly when using facilities which may not have a trained lifeguard present.

The school will do everything in its power to ensure that all Students are given an opportunity to participate in school trips. Where there is a maximum capacity of Students for a trip, places will be allocated on a first come, first served basis. This will be clearly communicated to parents in correspondence home.

5. Risk assessment process

Our risk assessment process is designed to manage risks when planning trips, while ensuring that learning opportunities are experienced to the fullest extent. The individual carrying out the risk assessment process will have the skills, status and competence needed for the role, understand the risks involved, and be familiar with the activity.

6. Vetting providers

When considering external providers for activities, the designated visit lead will check they are a suitable organisation to work with:

- Their insurance arrangements
- Their adherence to legal requirements
- Their risk assessments
- Their use of vehicles
- Staff competency levels

- Safeguarding policies
- The suitability of their accommodation
- Any sub-contracting arrangements in place
- The presence of necessary licences

If it is deemed appropriate to engage with an external provider, a written agreement will be created outlining what each party is responsible for. If an organisation does not meet the school's standards, they will not be considered.

7. Equal opportunities

The school promotes values of equality and does not discriminate against any individual or group of Students when organising a trip. The extra-curricular trips and activities offered to Students will provide new experiences and develop life skills. Extra-curricular trips and activities are organised, managed and conducted in accordance with the school's Ethos and Values.

Due to the popularity of some extra-curricular trips and activities, the school offers places on a first come, first served basis. Any individual, staff or otherwise, shown to be taking preference over one Student or a group of Students will be subject to formal disciplinary action.

Where possible, Students will be given the opportunity to contribute to the planning and organisation of extra-curricular trips and activities.

For school trips that require additional payment, the fee will be reasonable.

8. Safe use of minibuses and seatbelts

Minibuses will be used in accordance with the minibus policy.

9. Parental consent

Parental consent is not generally required for off-site activities that take place during school hours.

Written consent is required for:

- Activities of an adventurous nature.
- Residential trips.
- Foreign trips.
- Trips outside of school hours.

Parents will be informed of activities, including if they require payment, by letter and have the opportunity to withdraw their child from taking part.

10. Staffing ratios

There will be sufficient staff to cope in an emergency and generally.

- Abroad
- Other residential:
- High risk:
- Day trip visits:

11. Insurance and licensing

When planning activities of an adventurous nature in the UK, the designated visit lead will check that the provider of the activity holds a current licence. Insurance will be organised for every trip, no matter how short, to ensure adequate protection and medical cover is in place. Parents will be informed of the limits of any insurance cover.

Where a crime is committed against a member of the party, it will be reported to local police as soon as possible.

Medical expenses will be recorded and stored in the school.

12. Accidents and incidents

In the case of accidents and injuries while on a school trip in the UK, the school's accident reporting process will begin, as detailed in the Health and Safety Policy. In the case of accidents and injuries while on a school trip abroad:

- Organisers will cooperate fully with local emergency services and understand that any injury or death of a member of staff or Student outside of Great Britain may be subject to the law of the land where the accident occurred.
- The first point of contact within the UK will be the headteacher who will contact the family of the injured person.
- Students will be asked not to contact friends or parents in the UK until the family of the injured person can be contacted.
- The British Embassy/Consulate will be informed.
- The insurer will be notified.

Written records of any incidents, accidents and near misses will be taken and logged.

Media enquiries will be referred to the headteacher or, if they are not available, the deputy headteacher or the chair of governors.

Staff will ensure the safety of Students and staff should anything happen, e.g. a terrorist attack. Staff will be briefed on how to react and respond should an emergency situation occur, e.g. a terrorist attack. Relevant risk assessments will be undertaken before the trip, including for points of interests such as museums and hotels. Students and staff are informed of an evacuation plan before entering trip venues; this should include an agreed rendezvous point, to ensure everyone knows what to do in an emergency.

13. Missing person procedure

The school places Student and staff safety as its top priority when participating in school trips, either domestically or abroad.

Before embarking on the trip, extensive risk assessments are undertaken in accordance with [section 5](#) of this policy. The educational visits coordinator will communicate with the venues of the school trips to ensure the correct group sizes are planned for each setting.

When travelling with a Student with SEND, the designated visit lead will ensure an adult is with them at all times and that the visit is adequately modified to suit the Student's needs in accordance with [section 14](#) of this policy.

If a member of the party travelling has allergies, a risk assessment will be conducted and accompanying staff will be briefed on care of the Student/ staff member in accordance with the Allergen and Anaphylaxis Policy.

Everyone on the trip will be provided with a contact number for emergencies, in the event they are unable to locate their group. All staff members and Students will be required to carry mobile phones with them at all times. If a Student doesn't own a mobile phone, they will be paired up with a Student who has a mobile phone.

Upon arriving at every venue, the designated trip leader will identify a rendezvous point where Students and adults should go if they become separated from the rest of the group.

Regular head counts of all Students and staff will take place throughout the day to ensure all persons are present at all times.

In the event someone goes missing whilst on a school trip domestically or abroad:

- The designated trip leader will ensure the safety of the remaining Students and staff by taking a register to identify who is missing.
- The designated trip leader will immediately identify at least one adult to start looking for the person and another adult to contact them via phone, these people will look for the person until, where necessary, the police arrive.
- Where possible, the venue will be notified of the missing person to help ensure the person is found quickly.
- If the person cannot be contacted or located within **10 minutes**, the local police or relevant authorities, e.g. the British Embassy, will be contacted.
- If the police are called, the trip leader will contact the headteacher, or other available person, back at the school and inform them of what has happened.

If the police, or another authority, is called to an incident where someone is missing, they will oversee locating the person and will advise on factors including, but not limited to, when to contact next of kin.

If the missing person cannot be found, the group will return to school. If this is not possible, e.g. when a trip is taking place abroad, the designated visit lead will make arrangements to ensure the group's safety, e.g. by changing venues or cancelling visits.

If a member of the party has gone missing and is subsequently found, the designated trip leader will:

- Review the group sizes and staffing ratios to ensure no one becomes separated from their group.
- Review whether more registers should be conducted throughout the day.
- Assess which venues they attend to ensure they are suitable for the group.
- Make recommendations to the head teacher to ensure similar incidents can be avoided in the future.

14. Students with SEND

Where possible, activities and visits will be adapted to enable Students with SEND to take part.

Where this is not possible, an alternative activity of equal educational value will be arranged for all Students. Students with SEND will be accompanied by a responsible adult during the extra-curricular trip or visit if required

15.Finance

The financial procedures outlined in the school's Charging and Remissions Policy will always be followed when arranging trips.

The school will act in accordance with the DfE's guidance document 'Charging for school activities' (2018) and, therefore, will only charge for trips which are classed as an 'optional extra'. This is education provided outside of school time which is not:

- Part of the national curriculum.
- Part of a syllabus for an examination that the Student is being prepared for at the school.
- Part of religious education.

Money for school trips will always be paid directly to the school. Under no circumstances should school trip money be processed through personal accounts.

All letters to parents regarding school trips will include a clause explaining what will happen in the event that the trip is cancelled or a student cancels their place on the trip.

In the event that the trip is cancelled due to unforeseeable circumstances, it is at the headteacher's discretion as to whether a refund is given to parents.

In the event that a student cancels their place on a trip, it is at the headteacher's discretion as to whether a refund is given to parents. The headteacher will consult the governing committee on the matter, taking into account the student's reasons for

cancelling their place, whether the school will be reimbursed for the Student's place on the trip, and whether the space on the trip can be offered to someone else. Where a Student has previously cancelled a space on a school trip and received a full refund, the school has the right to refuse to allow the Student to attend future trips and visits.

The school will take a common-sense approach to refunds and cancellations, ensuring that all Students are treated equally. Any charge made in respect of Students will not exceed the actual cost of providing the trip divided equally by the number of Students participating.

16. Foreign trips

When planning school trips abroad, the school will consider the Foreign and Commonwealth Office's guidance 'Safer adventure travel and volunteering overseas' (2015) and, where an activity poses significant risks, the school will also consult the British Standard for adventurous activities outside the UK.

Validity of passports and visa requirements will be dealt with within **three months** of the initial notification of the trip, to avoid problems when the trip is due to take place.

Staff and Students will be taught about the culture and values of the country they are visiting, to ensure they understand and respect the values of the citizens.

Before the trip the educational visit coordinator will check the travel advice for each country the trip will visit to ensure no visa or permit is needed and to check any other regulations or time limitations.

Staff and Students will be made aware that they must not have spent over 90 days in the EU, Switzerland, Norway, Iceland or Liechtenstein, within a 180-day period if they intend to participate in any trips within these countries.

Before the trip, the relevant healthcare and travel insurance checks will be conducted to ensure attendees are covered for medical issues or accidents.

Students and staff will be informed if they need to apply for a free Global Health Insurance Card (GHIC) or European Health Insurance Card (EHIC) to ensure they can access state-provided healthcare during a temporary stay in the EU.

Before the trip, staff are briefed in spotting suspicious behaviour and remaining vigilant whilst abroad. Before the trip, Students will be taught how to remain vigilant in the country they are visiting, particularly about advances from strangers.

Registers will be taken at the start and end of each day, as well as before, during, and after events, and at regular intervals whilst on days out to ensure the whereabouts of Students are known at all times.

Staff will check the location's local news at the start of each day of the trip, to ensure their planned activities are safe to go ahead.

At the start of the trip, all Students and staff are provided with an emergency contact sheet, this includes the trip leader's mobile phone number, as well as emergency numbers and phrases for the country they are visiting.

When using external providers abroad, the school will make checks prior to agreeing to use the provider.

17. Evaluating trips and visits

Following an educational trip and/or visit, the head teacher will meet with any staff members present on the trip to assess the success of the trip in respect of both educational value and safeguarding effectiveness.

Based on this assessment, recommendations will be made to improve future trips and visits.

18. Monitoring and review

The effectiveness of this policy will be monitored by the headteacher. The governing committee will review this policy **annually**. The scheduled review date for this policy is January 2025
