

Inspiring Excellence

Term 3

Extra Curricular Activities at Laurence Jackson School

In this booklet you will find information relating to the wide range of clubs and activities we offer to help our students develop: their personal skills; make new friends; start a new hobby; improve their physical, social and emotional health and have fun!

Introduction

Through our broad and varied extra curricular activity offer, we aim to engage as many students as possible through interesting, exciting and fun activities that help them make new friends, improve their confidence, develop their fitness and introduce them to new activities whilst most importantly—having fun!

Our dedicated staff have created a comprehensive programme to help develop our students' personal skills through activities which focus on the following themes academic, health, leadership, culture, employability, creativity and excellence.

We hope all students access as many of these wonderful opportunities as possible as we believe there is something for everyone!
