KS3 Core Home Learning Updates

Next week (week A) KS3 students will be reminded of the following:

The following Home Learning Tasks are due in this week:

- **Sparx Reader** (Today)
- **Geography Educake** (Wednesday)
- **Sparx Maths** (Thursday)
- **MFL** (In a specific lesson this week)

No New Home Learning Tasks will be set this week as this is the last week of term.

Thank you and well done to all those of you who engaged with Home Learning throughout the year. Your efforts are noted and appreciated.

If you have any views about what has worked well with this year's home learning model and/or what you would like to see improved (with your reasons why) – **please see Mrs Crawford in person or email her to share your thoughts ahead of the new school year.**

We would value your support in helping to ensure your child completes their final home learning tasks of the year. In addition, we would appreciate you encouraging your child to share their thoughts for Mrs Crawford's consideration about KS3 Home Learning this year.

Key messages from this week

We hope that Year 6s enjoyed their time with us for transition week this week - we look forward to welcoming them back on 1st September as new Year 7 students.

Well done to Year 10s who completed their work experience programme this week - we know this was a really valuable experience for them and we have had positive feedback from employers and businesses.

Massive WELL DONE our wonderful students who took part in the summer show, Sister Act, this week - we hope everyone who has been to watch it or has a ticket for the final night tonight thoroughly enjoys themselves. Thank you to our Expressive Arts Team for coordinating everything and for their time and effort to ensure the show has been a success. We would like to also extend this thanks to other staff in school who have helped behind the scenes or been front of house at the shows - it's been a real team effort!
