KS3 Home Learning - Thank you for supporting KS3 home learning. Students should continue to complete Sparx Maths and Sparx Reader each week, set on a Wednesday and due the following Wednesday. Your support in helping students develop consistent study routines is greatly appreciated and will benefit them as they move into Year 10 and 11.

Flashcards reminder - these remain one of the most effective revision tools, helping students recall key information and identify knowledge gaps. We encourage parents to support regular use at home by testing students, encouraging short but frequent revision sessions, and focusing on topics students find challenging. A few minutes of practice each day can make a huge difference to confidence and progress. For further guidance, you can view our short video guide to using flashcards effectively: Watch the guide.

Armistice Day 11th November – students who attend uniformed service cadets (air, sea, army, combined, fire, police) or scouts and guides can opt to attend school in their official cadet / group uniform. Students must wear their full official uniform as they would to their training outside of school. School standards and expectations still apply and students are expected to bring their equipment and normal kit for PE. Students and staff will also observe a moment of reflection .

Flu immunisation catch-up session – this will take place on Monday 7th December. Please follow the link to consent if your child has not already received their immunisation this year: Give or refuse consent for your child's flu vaccination – Give or refuse consent for vaccinations
